

San Diego Opera—Rentals SET & COSTUMES

COSI FAN TUTTE

Directed by Timothy Nelson

Set Design by Tim Wallace

Costume Design by Ingrid Helton

Lighting Design by Abigail Hoke-Brady

Performed at the San Diego Civic Theatre as part of our 2021-2022 season

Built by San Diego Opera Scenic Studio and Costume Shop

BroadwayWorld 2.17.22 says:

“Tim Wallace's sets were colorful and more fantasy than realism. After the opening locker-room, scenes depicted open meadows, a blue sea and then an enchanted forest with large trees in silhouette that were raised and lowered as the characters moved among them against a projected background changing from morning to night.”

“Ingrid Helton's costumes also added colors, changing as the plot demanded new impersonations or the director additional visual stimulation.”
